

ATTORNEY

Scott P.  
Greiner

As an experienced tax attorney, Scott counsels clients on how to effectively structure their business, oil and gas, and real estate ventures, as well as insulate wealth from transfer taxes.

Scott has both the knowledge and vision to assist business owners, oil and gas executives and their families in accumulating and preserving long-term business and personal wealth. He provides invaluable guidance on selecting tax-advantageous business entities, identifying opportunities to increase after-tax income, structuring deferred and reverse like-kind exchanges, planning business expansions and acquisitions, and transferring wealth generationally in a tax-wise manner.

As part of his comprehensive business counsel, Scott advises clients on methodologies to attract and retain employees through a variety of tax-deferred compensation arrangements: incentive stock options, nonqualified stock options, phantom equity plans, and nonqualified deferred compensation arrangements. To maximize investment, Scott devises business continuity plans for transitioning businesses to key employees or younger family members and also develops innovative exit strategies in cases of sales to third parties. When needed, Scott is a vigorous advocate for his clients in resolving tax disputes before the Internal Revenue Service, the U.S. Tax Court, and the U.S. Court of Federal Claims.

With an eye towards security and stability, Scott assists clients with their estate and business planning needs through creative income, estate, and gift tax strategies. One area of special interest is the establishment of limited family partnerships and devising estate freezing transactions. He also assists
